

# We are upstanders and united against racism

**As upstanders, we are passionate about justice. When we see or hear something that is prejudiced or wrong, we help to try and make it right. We speak up and we do our best to help, protect and support others.**

**We support the Black Lives Matter campaign and want to respond to the sad death of George Floyd. Find out more here:**

**CFGS students are encouraged to respond creatively – this could be by writing a poem, creating a short video, speech or a poster. Please send your submissions to your Head of Year. Each year group will have an entry chosen to represent that year group and it will be displayed in school and on CFGS social media. Thank you.**
